

Adele can help you move!

Adele Blair is a unique individual, and an amazing organiser and manager who provides an extra pair of hands just when you need them. As the director of Blair Lifestyle Management, Adele helps people manage their busy lifestyles and also helps people re-locate.

Adele was introduced to the Village at Yeronga while researching accommodation options for a client wanting to move into a retirement village. The Village at Yeronga was one of the options she presented to her client.

Adele's efficiency and caring manner made a big impression upon us. At a recent function for new residents, we invited Adele to speak about Blair Lifestyle Management. She offers a range of services to help residents move into their new home and new lifestyle; pack, store, move and unpack furniture and personal items; clean your previous property; and shop for your pantry. Adele removes the stress and hard work of moving so you can enjoy moving into your new home. We expect to see a lot more of her over the coming months.

Don't miss out!

If you would like to secure your retirement lifestyle at the Village at Yeronga, **the time to act is now!**

**Two and three bedroom units –

A reason to move.

To enjoy a more independent way of life.

Independence: freedom from dependence on others.

At the Village at Yeronga you do not have to mow the lawn, maintain the garden, or clean the gutters – we do it. This gives you time to swim in the heated pool, join a gym class, browse through the library, enjoy a coffee in the café, or entertain friends in the restaurant – all onsite.

Independence – live life how you choose – how we all value it!!
